Education

The College Of Management | B.Sc. in Computer Science | 2022 - 2025

Internship - Full Stack Development

Experience

2023 - 2025 | Eye Group | Mobile Devices Technician

- Performed professional repairs on a wide range of smart devices, including hardware replacements (screens, batteries, charging ports) and software troubleshooting (resets, updates, device unlocking).

2018 - 2021 | Israel Defense Forces | System Administrator

- Managed the unit's system, supporting intelligence and computing exercises year-round

Projects

SnapChef | Cross-Platform Application | 2025
Developed a full-stack mobile application as part of my final seminar project, using MVVM architecture for clean, modular, and maintainable code.
Technologies: Flutter, Dart, Node.js, Typescript, RESTful APIs, MongoDB

MovieClub | Full-Stack Development | 2025
Developed a full-stack web app for sharing movie recommendations, with features like liking, commenting, and real-time group chat.
Technologies: React, Node.js, Express.js, Typescript, MongoDB, JWT, Bcrypt, Google Authentication, MongoDB, Swagger, Jest, multer, Axios, Material UI, PM2, Socket.IO

Eventify | Mobile Development | 2025
Developed an app for managing events and sharing photos and memories between event guests in a convenient and accessible way.
Technologies: Android, Kotlin, Room, Firebase Firestore, Cloudinary, Firebase Authentication

Online Clothing Store | Full-Stack Development | 2024
Developed and designed a full-stack online store using Node.js, Express.js, and MongoDB, with a responsive client-side interface built in React.
Technologies: React, Node.js, Express.js, Javascript, MongoDB

Summary

Versatile and motivated Full-Stack Developer with hands-on experience in both web and mobile development.
Strong foundation in computer science and proven ability to build scalable, user-centric applications using modern technologies and languages like React, Node.js, TypeScript, Kotlin and Dart. Experienced in developing responsive web interfaces and native Android apps, integrating REST APIs, cloud storage, and real-time features. Skilled in delivering complete solutions from design to deployment, with a focus on performance, usability, and clean architecture. **Immediate availability**.

Skills

Programming Languages: Python, Java, Kotlin, C++, C, C#, JavaScript (ES6+), TypeScript, SQL, HTML, CSS

Frameworks: React, .NET, Express.js

Technologies: Node.js, Docker, Swagger, REST, Postman, Spring Boot

Cloud Platforms: Google Cloud Platform (GCP), Firebase

Databases: SQL(MySQL, PostgreSQL), MongoDB

Version Control: Git, GitHub

Languages

English - Fluent
Hebrew - Fluent
